

A romantic couple is seen from the chest up, floating in a crystal-clear infinity pool. The woman, with long dark hair, is smiling and leaning her head against the man's shoulder. The man, with short brown hair, is also smiling and looking out towards the horizon. The pool's edge is perfectly aligned with the horizon line, creating a seamless transition from the water to the landscape beyond. In the background, a lush green golf course stretches out under a bright blue sky with scattered white clouds. A line of palm trees and other tropical vegetation marks the horizon. To the left, a large, leafy tree frames the scene. The overall atmosphere is one of relaxation and luxury.

OCEAN & GOLF VILLAGE - MAURITIUS

*Reinvent your life under
the tropical sun. A place where
you can unwind and appreciate
the everyday pleasures
truly and simply.*

Island Living

Since its discovery by Arab sailors in the 16th century, Mauritius has been coveted by powerful nations because of its strategic position on the Spice Trade Route. People from all corners of the globe continue to be drawn to its natural beauty, ideal location at the crossroads of Africa and Asia, and time zone that allows round-the-clock transactions with all major markets. Who doesn't love the sweet life of living in the tropics?

Since its inception four years ago on a large estate on the north-east coast, Azuri Ocean & Golf Village has metamorphosed into a vibrant and tight-knit community. Mauritians, expatriates, and foreign investors can purchase property, residency, splendid contemporary residences designed by famed architects, as well as gain access to a secluded beach, a bustling cafe, an array of restaurants, a gourmet shop, a fabulous spa, a sports club, and a signature par-3 9 hole golf course. But above all, the residents of the seaside village benefit from gorgeous natural surroundings, a safe neighbourhood, convenience, and a sense of community. Azuri meets, without an ounce of doubt, the growing demand for alternative island living opportunities.

Azuri Ocean & Golf Village is defining what it means to live in a multicultural, urban beachside retreat.

Azuri is very much about living truthfully. The splendid ocean and golf village is built around a community that is welcoming, caring, and vibrant.

Mauritius

Think of Mauritius and visions of verdant fields of sugarcane, pastel-coloured houses, the rustle of palm trees, sugar sand beaches, scintillating lagoons, and a mosaic of cultures come to mind. Mauritius is very much a way of life. Trading your bustling city life for a beachside village like Azuri is something you are going to want to seriously consider.

The 9-million year-old volcanic island is home to 1.3 million inhabitants, whose origins can be traced back to Africa, India, France, England, and China, a list that has expanded tremendously as citizens from across the globe migrate to Mauritius. The result is a cultural mosaic in which different people's beliefs, customs, religions, and dialects are tolerated, embraced even, by one another. The nation, a microcosm of the world, continues to flourish—access to a great education, a framework that fosters a culture of entrepreneurship, a—quite literally—less taxing tax system, booming sectors, public infrastructure, affordable health-care, and the possibility to tap into markets with enormous potential such as Africa, India, or China, contribute to its growth. It doesn't hurt to have year-round balmy weather, a laid-back vibe, warm and welcoming people, and gorgeous natural surroundings.

Azuri Ocean & Golf Village is set on the northeast coast of this idyllic island, facing the second largest lagoon—Roches Noires—, and surrounded by mangroves, a vital ecosystem. The Rivière-du-Rempart river runs through the property. Azuri's gorgeous natural surroundings bring immense value to its prime real estate property, and provide its residents with the ultimate nature escape—whether an early morning dip in the lagoon, or a Sunday afternoon family hike.

Azuri meets, without an ounce of doubt, the growing demand for prestigious island living opportunities.

A lively seaside village

The beating heart of Azuri is its market place. It is a place where neighbours can come together and build a happier, stronger, and safer community. The village offers the convenience of a city—a café, restaurants, boutiques, a delicatessen, an ATM, a farmer's market—without the hustle. And all this, by the sea.

The Café

The Café channels all the charm and style of a hip, outdoorsy eatery. Both cosy and spacious, it provides hospitality as warm as its decor: ceramic tiles, monochrome greys and white, wood furniture and potted green plants. There's also a great outdoor sun-terrace. With options to curl up with a book, meet a business partner over coffee, and hang out with friends, The Café is the quintessential community spot.

“When you move to a new country, there's a lot of excitement. But amidst the eagerness is the fear of not making new friends, of not fitting in. Integration is a big deal at Azuri. We are at home here, and we can make newcomers feel at home too.”

Ô Marché Gourmet

Time and time again, Agnès, the owner of the deli comes to the rescue. An impromptu dinner? After-school snacks? A day at the beach? A bottle of wine? The family-run deli packs an incredible selection of food and groceries, from artisanal ice-cream to fresh pasta, to delicacies dished up by Agnès herself. She puts a lot of love into hosting tastings and cooking up made-to-order dishes. What more could you ask for?

Seaside The Shop

The nautical-themed boutique, conveniently located across from the ATM, is our favorite shop for perusing. A treasure trove of linens, straw hats, beach bags, bathing suits, textiles, candles, and soaps, the shop is pretty ideal for picking up a last minute something.

While Azuri is a 20-minute car ride away from Grand Baie in the north, and Port-Louis, the business hub, some of its residents never feel the need to leave. A charming café, a dizzying array of restaurants, a gourmet shop, a spa, pool, and fitness club, a tennis and nautical club, and a spectacular golf course complete the offer. It seems the urban village that stands astride beach and golf truly has it all.

Restaurants

Who doesn't love having a favorite place to eat just down the road? Now imagine having several tantalizing venues... Each menu is dominated by inventive, flavoursome, beautifully-presented dishes. Whether you are in the mood for fine dining or a buffet lunch, local fare, or dishes inspired by cuisines from around the world, you are in for a treat.

In-Residence Services

We created an extensive menu of in-residence services to meet the needs of today's—busy—home owners but also to help care for the homes of owners who travel frequently or live abroad. Our home maintenance services will preserve the value and beauty of your residence, and can be carried out whether you are home or gone. Services include garden maintenance, pool cleaning and maintenance, pest control, house cleaning, repairs, air-conditioning maintenance, a laundry service, and even 'lifestyle' services such as booking an activity within Azuri or a restaurant. We also offer a preventive maintenance package which includes monthly check-ups on various aspects of your home.

Radisson Blu Azuri Resort & Spa

Great location, great food, and great hospitality—Radisson Blu Azuri truly has it all. Mauritius has made its way onto many a bucket list, and what better way to get to know this earthly paradise than staying at this stellar hotel. It pulls inspiration from its tropical surroundings—a peninsula, blue-green waters, mangroves, the beach, alcoves—while still maintaining the Radisson flair we've come to know and love. The immaculate white pavilion-style architecture perfectly suits the balmy weather. Beautifully-designed rooms open onto tropical gardens with splendid views of the

azure sea. Other facilities include an incredible spa, a kids club, several eateries that highlight a variety of cuisines, conference facilities, and a swimming pool around which you will be tempted to laze on the chaises-longues while you sip a cocktail from the Cyan pool bar. The Radisson Blu Azuri is sure to become a favorite.

Healthy Lifestyle

Picture the word ‘wellness’, and you might imagine a sun-salutation, a bright pink smoothie, a early-morning exercise class, a rejuvenating facial, or a tennis match. Azuri has all this—and more.

Living by the sea is good for you

The benefits of seaside living are undeniable. There is something soothing about the colour blue, the sound of waves, the salt air, and the feeling of sand between your toes. Between laps in the pool, a tennis match, and an evening gym session, you'll likely work up an appetite. Good thing Azuri's café, restaurants and gourmet shops offer plenty of healthy options, from egg-white omelettes to healthful, nourishing salads (served with a view of course.)

The Spa, Pool, and Fitness Room

Azuri Tennis Club and Academy

Carve out space for some me-time at the incredible spa, a haven for beautistas, replete with state-of-the-art facilities and knowledgeable therapists. Sports junkies can swim laps in the pool or hit the gym. Whether you need a good workout or an express manicure before you jet off to far-flung locales, the spa and fitness facilities, which are located just around the corner from you, will leave you feeling whole, rested, and grounded.

Azuri's Tennis Club owes its popularity to its beautiful courts bordered by green plants and sugar-cane fields, its team of professionals-enthusiasts, and the fact that it is filled with people of all ages and levels of athletic expertise. The accredited Tennis Academy offers lessons for beginners and those who want to perfect their game. Whether you go out to the court to be with friends, or want to squeeze in a sweat session, tennis remains a favorite.

Archery

Bow-and-arrow aficionados head to Azuri's archery range that offers classes and hosts friendly tournaments. Raising, drawing, and aiming one's bow at a target improves hand-eye coordination and upper-body strength. The meditative qualities of the ancient sport help quiet the mind.

“The freedom these kids have... It's priceless. After school, my children can play a game of tennis or beach volley with the other kids. I don't have to worry about safety or driving 30 minutes to pick them up. It's all right here.”

Community Life

Azuri's village celebrates our community's needs—safety, happiness, convenience, recreation, social engagement, and a sense of belonging.

We believe the neighbourhood is one of the most impactful communities in a person's life. Azuri is no exception. The thriving beat of the cosmopolitan village has never been louder: locals and foreigners of all nationalities convene here at Azuri. The dynamic neighbourhood, the culinary scene, compelling architecture, and green open spaces fuel the community life. While we humans naturally engage, and socialize (making lifelong friends in the process), it doesn't hurt that Azuri's committee goes the extra mile to sustain the dynamism. From IBL On the Move, a charity triathlon that takes its runners through the sugarcane fields, to the Tennis Open, a tournament in partnership with the Mauritius Tennis Federation, from hosting a boozy apéro on the beach to setting up a lively farmer's market, Azuri cultivates a warm and leisurely vibe. Azuri promotes sustainability with its recycling policies but also the well-being of the community at large. Giving back is a big deal at Azuri. Residents can partake in numerous charity initiatives and fundraisers that benefit the surrounding communities. The community of people celebrating no matter the occasion is truly the best thing about Azuri.

Azuri's community life is fuelled by initiatives that gather all the residents, from a farmer's market, to recycling initiatives, to building a community vegetable patch.

Nearby Facilities

Think of your idyllic summer getaway. Now imagine having the privilege of living that gloriously sunny daydream of yours on a daily basis. Hard to imagine right? We know how rare it is to find a place that is truly unique. Azuri's location at the heart of the northeast part of the island means two things: proximity to nature and convenience. You will find remarkable schools, hospitals, grocery stores and markets, but also the capital city, Port-Louis, a 20-minute car ride away.

Well-developed, Affordable Healthcare & Specialized clinics

Private hospital groups and the government have invested heavily in developing a sophisticated and resourceful healthcare system, providing access to highly-specialised treatments including plastic surgery, fertility, cardiology, dentistry, and hair grafting. Azuri is located 30 minutes from Fortis Darné, a private clinic, The Act, a one-stop-shop for health and wellness that groups various therapists, the Centre de Chirurgie Esthétique de l'Océan Indien that specialises in plastic surgery and Clinique du Nord. There is also a great pharmacy in Rivière du Rempart, five minutes away.

Grocery-stores and Markets

Winner's, a local supermarket chain, is located a five minute drive away and offers a vast selection of local and imported items. Along the streets in Rempart are many local vendors selling vegetables, fruit, and street food. Super U, another big supermarket chain has a location in Flacq, and one in Grand Bay. There is also a tiny boutique run by a lovely Mauritian family in Roches Noires, a minute from Azuri (the habitués know they can place orders for specific items.) In Mapou, where the schools are located, is La Corbeille, a small grocery store that sells homegrown vegetables, to-die-for fruit jams, a selection of local, specialty meats and sausages, and an array of baked treats cooked by local entrepreneurs.

First-Rate Education

Mauritius being a bilingual nation, there are a number of top-quality, private, international schools that cover pre-primary, primary, and secondary education, all situated approximately 20-25 minutes by car from Azuri. Kids can attend École du Nord, a private French school, or IPS, the International Preparatory School. Northfields International High School is located across the street from IPS. The three schools are located in Mapou, near the Labourdonnais estate, an old sugar estate that has been converted into co-working space, offices, a café, and a small grocer. Several prestigious universities have set up campuses and affiliate programs in Mauritius, enabling students to graduate from top-of-the-league schools.

Port-Louis, Capital & Business Hub

The historic port is located on the northwest coast on the water. Home to 150,000 inhabitants, the old city is the country's economic, political, and cultural centre. Most offices and government services (passport, driving license...) are located in Port Louis. The winding, cobblestone streets are lined with beautiful colonial-style edifices, and packed with street vendors, cafés, restaurants, and shops. The Port Louis Bazaar sells fruits, vegetables, and other speciality food items. Port-side is the Caudan Waterfront. Set on the harbour, the complex is ideal for a shopping spree, going to the movies, or out for dinner. Port-Louis is a 35-minute drive from Azuri.

As if Azuri didn't have it all...
We are now adding a stunning
golf course!

Rive Droite

THE GOLF NEIGHBOURHOOD

Picture this. A peaceful neighbourhood. A quiet street lined with gorgeous, intimate homes. Lots of greenery—the fairways of a beautiful signature Par-3 9-hole golf course. Welcome to Rive Droite, a neighbourhood at the heart of a splendid golf.

What draws people to Mauritius and Azuri in particular is the proximity to nature. Whether you fantasize about owning a beach house or a lavish villa near a golf course, Azuri offers the best of both worlds. Rive Droite, Azuri's newest neighbourhood comprises three distinct residential clusters: Ocean River Golf View Villas, Ennéa, and Amara. Eighty-eight classic penthouses, villas, and apartments are set near the river's elevation, affording breathtaking views of the golf course, and in the distance, mountains. Here the land is invaluable, offering attractive investment opportunities to potential international buyers looking for a first or second residence. Each of these luxurious compounds come with their own eco-friendly electric buggy, which can be used to drive over to the Village, but also a transferable golf membership at the Azuri Golf.

Ocean River Golf View Villas, Ennéa, and Amara each have their own identities and vibes. But what they do have in common is perpetual tranquility, and all the benefits that come with living by a golf course.

A signature Par-3 9-hole golf course

Green open spaces, manicured fairways, breathtaking views, peacefulness, tranquility... Who doesn't love a golf course?

Mauritius has, over the years, become a renowned golf destination. Azuri's 9-hole, Par-3 golf course offers golfers of all levels a chance to perfect their game, play a round between meetings, and challenge themselves. We have partnered with industry leaders including IMG, one of the world's leading golf designers, and expert Marc Amelot of Green Sun Management, to conceive this unique course and maintain and manage it on a daily basis. The course brings immense value to Azuri's land and puts Azuri in IMG's network of top global golf destination.

The villas

The architecture of the twelve 3-bed room villas sets forth Azuri's signature contemporary style with defined lines, geometric structures, and the use of traditional Mauritian materials. The 260m² residence that blends in perfectly with its tropical surroundings comes with a swimming pool, gazebo, and a garden overlooking the golf course that encapsulates the Mauritian art de vivre.

The penthouses

Six penthouses located on the first floor afford breathtaking views of the golf course. No compromise was made when it came to space. The penthouse comes as a 3-bedroom or a 4-bedroom residence. This is the kind of home you would want in the tropics.

The apartments

The apartments come in a 2-bed or 3-bed option, en-suite. They are all located on the ground floor with a small pool and lovely garden that opens up onto the course, bringing depth and grandeur to your front lawn. The 140m² of the 2-bedroom residences are nicely balanced between the open living space and the bedroom area. This is the ideal investment for those seeking a holiday home under the sun, especially when one signs up for the property management services Azuri has to offer.

Where Vibrant Meets Soothing

The Ennéa residential cluster epitomises tropical island living. The focus on Indoor/ Outdoor space, the private landscaped gardens, the use of local, natural materials, are an ode to Mauritian culture and traditions. Long, lazy lunches, hours basking in the sunshine, time spent with friends and family... This is what Ennéa is about.

The Ennéa resident loves the tropical, Mauritian vibe. The garden extends to the immaculate green fairways providing a sense of space. Immense glass sliding doors open onto a covered terrace with splendid views of the bright green fairways or the western mountain range. And yet, the contemporary residence is by no means a typical rustic campement. Ennéa is equipped with state-of-the-art amenities and appliances. The blend of modernity and low-key charm makes Ennéa a dream-come-true for its lucky owners.

To get a feel for the Ocean River Golf View Villa, you must imagine waking up to peaceful surroundings, drinking your cup of coffee on your veranda, a traditional component of Mauritian architecture. Having friends over for a drink and dinner in your backyard. Hosting a pool party. Playing a round of golf.

The kiosk is set a pool level, giving it a cool, sleek design. The dwelling is built on a single plane, further emphasizing the spaciousness. Immense glass panes let the natural light in. The bright and airy space perfectly suits the island's climate.

Azuri promotes a smart-home concept, meaning you can enjoy the comfort of your home while still embracing that Indoor/Outdoor living we've come to love.
